

Where your fitness goals become reality!

July 18, 2019

Dear Pavilion Fitness Center Member,

We are excited to share news about our Fitness Center renovations coming this Fall. In early September, the Pavilion Fitness Center will be completely re-floored with e-core rubber flooring, which is made from recycled materials. This renovation will better serve you, while adding value to your membership.

The project will commence September 9 and is expected to be completed September 21. During this time, the cardio and strength equipment area will be unavailable and plans to reopen September 22. However, you are still able to work out! We will be temporarily setting up the "Fitness Center" in the Multi-purpose Gym on the first level of the Pavilion. There will be a variety of cardio and strength equipment available during regular operating hours for your workout needs. Other areas that will be open or relocated are as follows:

Amenities Remaining Open: Group Exercise Room, Pilates Reformer Room, Track, Locker Rooms, Pool, Fitness Customer Service Desk, Towel Service, and Vending.

Temporary Relocations: Cycle Studio will move to the Racquetball Court (with the same schedule and even some additions during this 2 week relocation period). Massage services will be available and relocated to Suite C in Garden Terrace.

During the construction period, we are happy to continue to provide the outstanding services and amenities at the Pavilion Fitness Center! As an expression of our appreciation during this construction period, we will be offering the following to all of the Pavilion Fitness Members:

- All Members will receive one week for **FREE** added onto your membership - whether or not you visit 9/9-9/21. If your membership is paid in full, one week will be added on. If you are on a monthly billing cycle, your September dues will be prorated down one week.
- Every time that you visit us during the renovation, you will receive your choice of: one free yoga pass, **one free TRX pass, or one free guest pass** (valid after 9/21). There is no limit to the number of passes that you can acquire!
- Every member who visits us in the temporary Fitness Center on the first floor of the Pavilion will receive a **FREE** Pavilion Fitness 25th Anniversary T-Shirt (one t-shirt per member). Help us celebrate 25 years strong!

Thank you in advance for your patience and understanding while we make improvements for your future enjoyment. Please confirm that we have your most current email address on file, so you can receive updates on the flooring project. You can also follow us on Facebook!

Sincerely,

Rachel Tandy
