

2018 Fall Season Bean Bag League Rules

1. Teams will be made up of 2 players.
2. There will be no mercy rule in effect. All games will be played to 21 points. A team does have to win by 2 or more points.
3. The game boards will be 27' apart measured from the front of each board.
4. Partners will stand across from another on opposite boards.
5. Play will start at either board with all 8 bags.
6. Each team will play with 4 bags of the same color throughout the match.
7. Opponents will alternate throwing the bags until all 8 have tossed.
8. Each bag that goes through the hole is worth 3 points.
9. A bag that lands on the board without touching the floor is worth 1 point. A bag needs to be 50% on the board for it to count as a point.
10. There will be a cancellation scoring system for all games where only one team will score points in each round. The difference in points between the two teams will determine how many points are awarded that round. The team that scores in the previous round will throw first in the next round. If no points are awarded, the team who last scored points will throw first.
11. Players from the same side of the board must throw all 4 of their bags on one side of the board for the entire round. Players are able to shoot from the same side of the board though in the same round. Players must shoot from the same side of the board for the entire game.
