DISCUSSION ON NEW CLUBHOUSE OPERATIONS

Staff provided financials for January and February 2022 and explained business is growing and the potential for increasing revenue exists. The success we are experiencing demonstrates a need for at least one more full-time position now to help with the year around operations. This position will be called the Bar and Events manager, and looking for an individual with a new skill set, that is an energetic, customer service oriented person with experience in bar/restaurant operations. This position will be responsible for revenue generation, expanding food and drink specials and creating and booking events throughout the year. This position will also include bartending shifts and opening and closing duties to help offset the shortages in part-time staff and create a consistent customer experience.

Tom Klaas informed the Commissioners of his resignation.

ADJOURNMENT

Commissioner Carlson moved to adjourn the Golf Committee meeting at 5:21 p.m.

Commissioner Walz seconded the motion.
